REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-19 are allowable because none of the prior art of record disclose or suggest: at least a LED light engine including a two-dimensional arrangement of LEDs outside a compartment to be illuminated or a LED light engine including a plurality of LEDs arranged in a two-dimensional pattern externally mounted to a freezer cabinet, a light guide inside the compartment or freezer cabinet optically coupled to the LED light engine such that the two-dimensional pattern of LEDs forms an angular distribution of light input into the light guide with respect to the optical axis of the light guide in regards to claims 1-14, 18 and 19; with claims 15-17, no prior art of record discloses a method of illuminating frozen foods in a freezer cabinet by operating an externally mounted LED light engine provided with first, second and third colors and coupled to a light guide extending inside the cabinet and varying respective outputs of the colored LEDs to control color point of the illumination based on a signal received from any one of a provided user interface and a feedback sensor provided in at least the light engine and the cabinet. Cited references to BERNARD (US 2003/0012035 A1) and PELKA et al (US 6,637,924) show plural LEDs or array of LEDs arranged in a 2-dimensional pattern optically connected to an input surface or edge side of a light guide, however there is no suggestion or motivation to modify the remotely position plural LED system in HED (US 5,301,090) or the externally mounted singular light source of HED (US 5,836,669) without removing the fiber optics that appear to be one-dimensional in coupling arrangement between the light source and light guide (or plate-like light extractors) and add a two-dimensional

array of input light sources while maintain the external positioning of the light sources outside the compartment.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
